

HAND - WOVEN FULL GRAIN LEATHER

*Tonucci Collection pays particular attention to the selection of the materials to be used.
The materials are all natural therefore any visible flaw become a typical characteristic of the material itself.
Thus, there is the possibility of slight differences in tone or finishes between different lots which are technically unavoidable.*

HAND-WOVEN FULL GRAIN LEATHER

Thickness: mm 2.4 – 2.6 | Origin: Tuscany |

Genuine bovine leather, vegetable-tanned and drum-dyed in Tuscany.

This is the finest type of leather: the more it ages, the more beautiful it becomes.

Vegetable tanning allows the leather to absorb traces of use, age naturally, change colour with sunlight and reflect all the changes and marks acquired over time.

This is its purest expression of authenticity and natural beauty.

Our leather is certified and part of the Consorzio Vera Pelle Italiana Conciata al Vegetale.

Subsequently hand-finished (tamponed) and protected with neutral fixatives.

Stains are absorbed and cannot be removed, but they can be softened using a cleaning cream.

We recommend applying a nourishing cream to revive the colour.

Products: Woven **Mao**, Woven **Maone**
